## VIGOROUSLY CLEANING UP SMALLPOX.

Forty Doctors Vaccinate Hundreds Every Day.

PEST HOUSE AT GRACEY.

Constant Improvement In The Situation Inside The City Limits.

The forty doctors of Christian county have been on a hustle all this week.

Dr. McCormack's orders in regard to smallpox are being carried out with unrelenting firmness and unprecedented vigor.

The negroes are thoroughly scared at the talk of compulsory vaccination and are hunting up the physicians in droves and having themselves vaccinated. Drs. Woodard and Jackson are devoting practically all of their time, with clerical assistants to keep the records, to their office work. They are vaccinating hundreds, day and night.

Written notices have been served on everybody and those who do not return vaccination certificates by Monday morning will be arrested and the law enforced as to fines.

The excitement is a source of amusement to the city people, as everybody nearly has been vaccinated and there are but few cases in the city. The cases of J. D. Morris, Ed. Moore and Bob Cason were discharged as cured yesterday, the houses were disinfected and the quarantine raised. The cases at Mrs. Guthrie's and Mr. Cobb's will be discharged next week and this will close out the disease in the city. Any new cases that develop will be taken to the hospitals four miles from town.

Dr. Jackson has succeeded in rounding up nearly all of the negro cases in the county. There are now 26 cases at the colored hospital and two or three more will be sent as soon as the transfers can be made. There are no patients in the hospital for whites. Twelve negro cases have been discharged as cured.

The Gracey situation has been the chief trouble. A separate pest house has been established at Gracey and 14 negroes confined in it and guards put in charge. Dr. C. R. Crow, of Bell's, has been put in charge at Gracey with orders to vaccinate everybody.

There is no opposition anywhere to the enforcement of the law. There is no disposition to conceal the facts. The business men are satisfied that the truth is better than wild, unfounded rumors.

**Death at Pembroke.**

The only death reported this week was that of a negro near Pembroke named Bob Carter. Pembroke has vigorously fought the disease and every person in the town has been vaccinated except a man named Brown, who left rather than be vaccinated after he had been fined once in the city court. The Journal says it is understood that he will bring a damage suit against the town.

Capt. Jas. B. Clay, of Lexington, a grandson of Henry, undertook to strike Gen. Jno. B. Castleman at a hotel in Lexington, because the General did not salute as his superior officer the captain, who was recently appointed a Brigadier General in the association of Confederate Veterans. Some men are not as smart as their grandfathers?

Mr. John W. Langley, of Washington, who was prominent in Republican State politics ten years ago, was married at Asheville, N. C., Wednesday to a daughter of Congressman J. M. Gudger. Mr. Langley holds a government position in Washington.

## DR. BAILEY APPOINTED ASSISTANT.

Vacancy In the Western Asylum Staff Is Supplied.

HE IS FROM LEXINGTON.

A New Man Will be Selected For the Eastern Asylum.

Gov. Beckham Wednesday afternoon announced the appointment of Dr. A. A. Bailey, of Bailey's Mill, Franklin county, as first assistant physician of the Western Asylum for the Insane at Hopkinsville, to succeed Dr. Walter A. Lackey, who recently resigned. The appointment becomes effective December 1, next. Dr. Bailey is the present second assistant physician at the Lexington Asylum, and his promotion has been earned by strict attention to his duties. His successor at the Eastern Asylum has been selected by the Governor, but the appointment will not be announced for some days.

The vacancy has existed here for a month or more, but Supt. Board has been assisting in the ward work himself and the health of the patients has been so good that the services of one of the physicians could be dispensed with temporarily.

**DISTRICT TEACHERS.**

Annual Meeting In Progress With Small Attendance.

The annual meeting of the District Teachers' Association began yesterday and will conclude today. Sessions are held at the Methodist church. The attendance is small, only Madisonville, Owensboro and a few outside towns being represented. Prof. Geo. W. Chapman, of Madisonville, discussed "Our Schools" at the morning session.

In the afternoon there were addresses by Prof. J. J. Glenn, of Madisonville; Prof. W. E. Gray, of Crofton; Prof. H. Clay Smith and Miss Adelia Clifton, of Hopkinsville, and Prof. McHenry Rhoads, of Owensboro.

The lecture of Dr. E. L. Powell last night on "Citizenship" was a delightful affair and was heard by a crowded house. There were music numbers by the local orchestra, a vocal solo by Miss Edna Martin, a recitation by Miss Virginia Williamson and a violin solo by Miss Lillian Gary.

Dr. Powell's lecture was able, instructive and eloquent.

A larger attendance is hoped for today.

There will be many interesting papers, some of them by local teachers.

**WORD SET FREE.**

Killing of Tom Carter Was Accidental.

The examining trial of Bud Word, who shot and killed Tom Carter, near the city on the 18th inst., was held yesterday before Judge Fowler. The prisoner was discharged, the facts showing that the shooting was accidental. The parties are colored farm hands.

**CARD FROM MR. M'COWN**

Urged Farmers to Come to the Front

A representative of the A. S. of E. will meet you at every postoffice in Christian county, commencing Dec. 1. Watch KENTUCKIAN for date of each meeting. The object is to get you to help this society to maintain prices on tobacco as we did for our wheat. F. B. McCOWN, D. P.

## PREHISTORIC WOOD.

Piece of Timber Buried Fifty Feet Deep.

There was dug up in the Nortonville coal mine this week a curious formation at a depth of fifty feet from the surface of the earth. It consists of a piece of wood surrounded by a vein of coal, with a small stone imbedded in one side. The wood evidently belonged to a by-gone age, as it was far beneath two distinct veins of coal. A specimen of the formation can now be seen at the Planters' Bank and Trust Company.

**COOPER-OXLEY.**

Groom Formerly Resided in This City.

Mr. Charles A. Cooper and Miss Mary H. Oxley, daughter of Mrs. Laura Oxley, of Cynthia, Ky., were married at the home of the bride Tuesday afternoon.

Mr. Cooper lived in Hopkinsville several years. He is a brother of Mrs. T. E. Barbour, formerly of this place.

**OVERBY-WALLIS.**

Young Gracey Farmer Marries in Trigg

Mr. D. C. Overby, a young farmer who lives three miles north of Gracey, and Miss Mattie Wallis, daughter of Mr. J. J. Wallis, of near Cadiz, were united in marriage Sunday. The Rev. I. N. Strother performed the ceremony.

**Caused by Croup.**

The five-year-old son of R. B. Buckley, who lives five miles northeast of the city, died Wednesday of croup.

## EVANGELIST PAUL PRICE TO-MORROW.

Will Begin a Meeting of Ten Days at the Baptist Church.

PREACHER AND SOLOIST.

Services as Usual at Most of the Other City Churches To-Morrow.

The revival meeting at the Baptist church will begin to-morrow morning, when Rev. Paul Price will preach his first sermon. He is not only an able and successful preacher, but is a very fine soloist.

Dr. Lofton, of Nashville, with whom he has held a meeting, recommends him in the highest terms. Dr. Price is about 40 years old and is unmarried. He has been an evangelist for many years and has held at least 20 meetings in Kentucky. He will be here until Dec. 9. Dr. Price will be the guest of Mr. H. H. Abernathy.

The other churches will hold the usual Sunday services to-morrow.

**VICTIM OF PNEUMONIA.**

Prominent Trigg County Farmer is Dead.

Mr. John Wesley Hammond, one of Trigg county's best citizens, died last Monday at his home a few miles from Cadiz of pneumonia. He was 65 years old, and a brother of Esq. T. J. Hammond, of Gracey. He was a member of the Baptist church. He is survived by a widow and three children.

**FLOCKS OF GEESE**

Passing Over This Section Southward Bound.

Several flocks of wild geese passed over this city this week, bound South. A flock of 30 were seen Wednesday afternoon. Many of the birds spend the night in the wheat fields near Guthrie and the wheat in that section is said to be damaged by them.

**It Sheltered Indians.**

The great old oak tree in Mr. H. D. Wallace's front yard, which has of late years been showing signs of decay, has been cut down and removed from the spot it had occupied for perhaps 150 years. It was one of the few remaining reminders of the primeval forest that once covered the site of Hopkinsville. The trunk was more than three feet in diameter and it was necessary to use dynamite in splitting it up. One other tree as large and in a good state of preservation still stands in the lawn of Bethel College.

**Died in Earlington.**

Mrs. Viney Croft, formerly of Crofton, died in Earlington, aged 82 years. She was the widow of Ingram Croft, who died several years ago, and had been making her home with her daughter, Mrs. Geo. Haly, in Earlington, since the death of her husband.

**Born Near Kelly.**

Buren Cansler, who was killed in the mines at Earlington last week by falling slate, was a native of this county. He was a son of the late Van Cansler, and was reared near Kelly.

**Christian Behind.**

The following ten counties have not sent in their election returns to the secretary of State:

Knox, Christian, Rockcastle, Pulaski, Fayette, Franklin, Harrison, Henderson, Jessamine and Ohio.

The canvass will be made Monday.
